

DIABETES
2023

2ND INTERNATIONAL CONFERENCE ON

mg magnus
Group

DIABETES, METABOLISM AND ENDOCRINOLOGY

16-18
OCT-2023

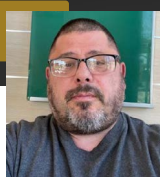

BOSTON, USA
HYBRID EVENT

Scientific TOPICS

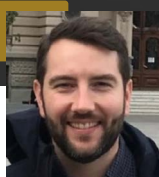

- Diabetes: Internal Medicine and Primary Care
- Diagnosis, Management and Prevention of Diabetes
- Clinical Diabetes
- Gestational Diabetes
- Pediatric Diabetes and Endocrinology
- Diabetes Etiology
- Epidemiology of Diabetes
- Pathogenesis of Diabetes
- Epigenetics and Epigenomics of Diabetes
- Physiology and Pathophysiology of Diabetes
- Prediabetes to Late-Stage Complicated Diabetes
- Diabetic Ketoacidosis & Diabetic Coma
- Therapeutic and Diagnostic Approaches
- COVID-19 and Diabetes; Post-COVID Diabetes
- Blood Glucose Dynamics and Monitoring
- Diabetes Education
- Diabetic Risk Factors
- Diabetic Neuropathy and Retinopathy
- Diabetes and its Complications:
Metabolism, Endocrinology & Diabetes

Our OCM'S

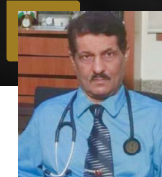

**CHARELES P
LAMBERT**
PH D
Lambert Relentless
R & D, LLC, United States

ALEN J STEWART
University of St. Andrews,
United Kingdom

MARIO ALLEGRA
University of Palermo, Italy

ASHOK SHARMA
Apollo Hospital, India

C V HARI NARAYAN
Sakra Institutes of Excellence,
India

WAN ROSLI WAN ISHAK
Universiti Sains Malaysia,
Malaysia

Contact us: Website: <https://magnusconferences.com/diabetes>

TENTATIVE PROGRAM

Keynote Presentations

Charles P Lambert PhD

Lambert Relentless R & D, LLC,
United States

Title: Exercise: The panacea for overconsumption of carbohydrate.

Gretchen Holmes

Memorial Hospital At Gulfport,
United States

Title: Navigating obesity, diabetes, and behavior change: A case study of a successful physician-patient partnership

Alan Stewart

University of St Andrews,
United Kingdom

Title: Magnesium supplementation as potential means to reduce thrombotic risk in type 1 diabetes

Wan Rosli Wan Ishak

Universiti Sains Malaysia, Malaysia

Title: Incorporation of dietary fibres from selected vegetation for diabetes market

P C Manoria

Manoria Heart and Critical Care
Hospital, India

Title: Lipid management for ASCVD: Flash back and vision ahead

Oral Presentations

Brandon Lucke Wold

University Of Florida, United States

Title: Diabetes management in the context of cranial tumors

Sujith Rajan

NYU Long Island School Of Medicine,
United States

Title: Positive adipose liver crosstalk protects adipose MTP knockout Mice from hepatic steatosis on an obesogenic diet

Maureen Groer

University of Tennessee Knoxville,
United States

Title: Diabetic retinopathy and GDM in hispanic pregnant women with toxoplasma gondii

Madhu S Malo

Diabetic Association of Bangladesh,
United States

Title: Do the STAP Test --- Prevent the Diabetes

Shreya Rao

Durham Academy, United States

Title : Comparative analysis of the impact of rolled inner seam strap design on pressure distribution at the toehold area of flip-flops: A prospective study in healthy volunteers

Paraskevi Theofilou

Hellenic Open University, Greece

Title: Depression among type ii diabetes mellitus outpatients: Is there a relation to gender, glycosylated hemoglobin and

Vitor Alves Marques

Federal University of Goias, Brazil

Title: Glycemic behavior between different types of training: a case study

Nino Oscar M S

University of the Plains, Brazil

Title: High-refined carbohydrate diet induced a disruption of the reproductive function in female rats

TENTATIVE PROGRAM

Lutvi Abdullah College of Human Ecology, Korea, Republic of	Title: Forgiveness eating : Implementation of eating behaviours methods to prevent diabetes melitus
Akhila Harinarayan Information Services Group (ISG), India	Title: Information technology as an enabler for prevention and management of Diabetes Mellitus: The present and the future
Arvind Bhaktavatsala AMD PVT LTD, India	Title: Artificial intelligence in insulin Therapy
Sumeet Kumar Mahatma Gandhi Memorial Medical College And Associated Maharaja Yashwantrao Hospital, India	Title: MuCovid-21 study of mucormycosis in tertiary care centre during Covid-19 pandemic
Shaik Mahmood Deccan College Of Medical Sciences, India	Title: Molecular basis of Diabetes Mellitus
Rupesh K Gautam Department Of Pharmacology, Indore Institute Of Pharmacy, IIST Campus, India	Title: Insights on role of Nutraceuticals in Diabetes Mellitus and Metabolic syndrome
Pratima Tripathi National Institute Of Pharmaceutical Education And Research (NIPER), India	Title: Vascular dysfunction and diabetes mellitus: a pathophysiological association
Shaik Mahmood Deccan College of Medical Sciences, India	Title: Molecular basis of diabetes mellitus
Archana Sinha Tezpur university, India	Title: Exercise-induced myokines attenuates lipid-induced adipose tissue inflammation and insulin resistance
Pradeep S IIT Bombay, India	Title: Effect of natural food and drugs on blood glucose dynamics using systems biology approaches
Hadagali Ashoka Indian Institute of Technology Bombay, India	Title: Meta analysis and model simulation of effect of nutraceuticals on fasting blood glucose in type II diabetic patients
Archana Sinha Tezpur University, India	Title : Exercise-induced myokines attenuates lipid-induced adipose tissue inflammation and insulin resistance
Jayashree gopal Institute for Diabetes, Endocrine, Metabolic and Lifestyle Health, India	Title : Utility of low carb diet in improving metabolic syndrome parameters in a South Indian population
Zhaoxia Liang Zhejiang University, China	Title: The heterogeneous associations between gestational weight gain and adverse pregnancy outcomes in gestational diabetes mellitus according to abnormal glucose metabolism
Shama The Hong Kong Polytechnic University, Hong Kong	Title : Defective BCAA catabolism induced by PPM1K deletion causes adipose tissue fibrosis in a mouse model

TENTATIVE PROGRAM

Thashma Pemmanda Ganapathy The Hong Kong Polytechnic University, Hong Kong	Title: Potential role of flavin monooxygenase 3 signaling in aging related adipose tissue dysfunction
Oscar Mauricio Santamaria Nino University of the Plains, Colombia	Title: Assessment of aflatoxins in marketed fish: A potential forgotten risk in Cameroon
Aristides Lazaro Garcia Herrera Department of Vascular Surgery of the Matanzas Medical Sciences University, Cuba	Title: Human recombinant epidermal growth factor (Heberprot P) intralesional in patients with advance diabetic foot ulcer
Berger Saintius Field Epidemiology Training Program (FETP), Haiti	Title: Epidemiological profile and risk factor diabetes mellitus, hospital of port-a-piment, Sud, Haiti, January -March 2023
Hsing Luh National Chengchi University, Taiwan	Title: A data-driven modeling approach to predicting the risks of T2DM complications
El Arbi Rjimati International University Of Casablanca, Morocco	Title: Diabetes and nutrition in Morocco
Sarah EL Hourch University Of Mohamed V, Morocco	Title: Significant association of polymorphisms in the TCF7L2 gene with a higher risk of Type 2 Diabetes in a Moroccan population
Touzani Asmae Chu-Children's Hospital, Morocco	Title: Relationship between retinopathy and glycated hemoglobin in insulin dependent diabetic children and adolescents
Faisal Hassan Ali Sana'a University, Yemen	Title: Fiber tablets intervention in obese subjects with prediabetes: A randomized, double blind and placebo-controlled clinical trial study
Adeleh Khodabakhshi Kerman University of Medical Sciences, Iran (Islamic Republic of)	Title: Investigating the effect of diabetes risk reduction diet (DRRD) on breast cancer risk reduction: A review study
Azin Nowrouzi Tehran University of Medical Sciences, Iran (Islamic Republic of)	Title: Amelioration of the Ace/Ace2 imbalance and oxidative stress by chicory seed extract (CSE) in the kidney tissue of the stz-induced Diabetic rats Amelioration of the Ace/Ace2 imbalance and oxidative stress by chicory seed extract (CSE) in the kidney tissue of the stz-induced Diabetic rats
Peyvand Parhizkar Roudsari Tehran University of Medical Sciences, Iran (Islamic Republic of)	Title: The efficacy of artificial intelligence for mitigating diabetic retinopathy-induced vision impairment
Benedict Mutebi Ginda Living well with diabetes Uganda, Association, Uganda	Title: Early detection and management of diabetes, prevention of diabetes complications in rural areas of the country
Nonye Anyichie Anambra State College Of Health Technology Obosi, Nigeria	Title: Knowledge of Diabetes among communiydwelling adults in Anambra state Nigeria

Oral presentation slots are available

TENTATIVE PROGRAM

Poster Presentations

Feng Kevin Silver Bamboo Health Science, United States	Title: Identification of candidate biomarkers for Type 1 Diabetes Mellitus by bioinformatics analysis of pooled microarray gene expression datasets in Gene Expression Omnibus
Mefthe Berhanu Prolato Clinical Research Center, United States	Title: Patterns of diabetic patients admission in st. paul's hospital millenium medical college; A five year retrospective study addis ababa Ethiopia
Samreen Safdar University Hospital NHS Trust Birmingham, United Kingdom	Title 1: Whole blood EDTA c-peptide: no ice, no rush Title 2: Role of C-peptide in the classification of diabetes mellitus
Ravi Kikar Sinha Private Researcher, India	Title: Homeostasis of glucose level: in vivo changing glucose into amylose with the help of starch phosphorylase, a primer and glucose-1phosphate
Khodja nedjoua Regional Military University Hospital of Constantine, Algeria	Title: Unveiling the link between vitamin D and type 2 diabetes: exploring metabolic implications and beyond
Demiraw Bikila Gurmu Ethiopian Public Health Institute (EPHI), Ethiopia	Title : Prevalence and associated factors of diabetic nephropathy at tikur anbessa comprehensive specialized university hospital, Addis Ababa, Ethiopia

Poster presentation slots are available
