

4th Edition of International Conference on

GREEN CHEMISTRY AND RENEWABLE ENERGY

Overview

Green Chemistry 2024 will re-unite over 200 experts from the world's finest research and professional institutes to discuss not only their expertise, but also their discoveries in the field. The colloquium also aims to foster synergistic collaboration between academics and industry, as well as to demonstrate the rapid advancement of cutting-edge technology in the field of Green Chemistry and Sustainable Energy in recent years with an earnest International audience.

Call for Papers

Participants are invited to submit abstracts on research and findings relevant to the scientific sessions. The sample template is available in the "Abstract submission" page of the conference website. Accepted abstracts will appear in the conference extended abstract book, which will be available, on-line and distributed at the event.
